Role: Collaborative Team Member, Backend and Frontend • Tools: MySQL, Express, Tailwind, REST APIs, Express, Express Handlebars, JavaScript, ORM (Sequelize)

## EXPERIENCE

**PhD Student and Research Assistant, UGA, Athens, Ga, USA (2012-2018).** During my academic journey, I cultivated a robust grasp of research methodologies and the art of self-study and problem solving, alongside mentoring and knowledge dissemination. This role

demanded extensive documentation, refining my communication and technical writing abilities through report and proposal writing. Engaging in research projects honed my project management skills and fostered teamwork expertise. [Publications](#)

**Food and Drug Organization Pharmacist and Specialist. Isfahan, Iran (2009-2011).** In my role, I excelled in client interactions, enabling me to deeply understand their distinct needs and provide customized solutions. This experience enhanced my administrative and management acumen, resulting in streamlined operations and optimized resource allocation. Additionally, I honed my skills in inspection and rapid problem identification, enabling me to take swift and effective actions when challenges emerged. This journey transformed me into a proficient troubleshooter, consistently delivering innovative solutions to intricate problems.

## **EDUCATION**

**Certificate, Full Stack Web Development** – Georgia Institute of Technology, Atlanta, Georgia

**Doctor of Pharmacy (Pharm.D)** – Isfahan University of Medical Sciences, Isfahan, Iran

**Pharmaceutical and Medical Sciences PhD** (Dropped) – University of Georgia (UGA), Athens, Georgia
